Professional Summary

BCA student at Indira Gandhi National Open University with practical project experience in web development and programming. Familiar with Python, C++, HTML, CSS, JavaScript, Flask and MySQL, with hands-on work building web-based projects. Seeking opportunities to learn, contribute and grow across software development, web development and broader IT roles.

Education

Bachelor of Computer Applications (BCA), 2028
Indira Gandhi National Open University (IGNOU) New Delhi
Current Status: Second Year

Technical Skills

Programming Languages
Python (proficient), C++

Web Technologies
HTML, CSS, JavaScript

Frameworks & Databases
Flask, MySQL, React 18, TypeScript, Tailwind CSS, Node.js, Express, SQLite, PostgreSQL

Tools & Platforms
Git, Visual Studio Code, Vite, Render, Vercel, PythonAnywhere

Core Competencies
Web Development, Application Development, Problem Solving, Technical Documentation

Projects

Calculator Website
A modern, framework-free web application serving as an all-in-one calculator hub. Features multiple calculation modes (basic/scientific calculators, unit converter, graph plotter, equation solver), along with productivity tools like math formula sheets, history tracking, and offline support.
Technologies Used: HTML5, CSS3, Vanilla JavaScript

Finance Dashboard
Developed a comprehensive Flask-based full-stack personal finance platform enabling users to monitor financial health, track transactions, manage budgets and bank accounts, log recurring payments, and import bank statements.
Technologies Used: Python, HTML5, CSS3, JavaScript

Vehicle Service Management (AutoCare Hub)
Developed a full-stack workshop management app to unify daily service center workflows. Combines customer and vehicle records, job progress, bay assignments, and billing into a centralized dashboard.
Technologies Used: React 18, TypeScript, Vite, Tailwind CSS, Node.js, Express, SQLite/PostgreSQL, React Context

Experience & Career Interests

Personal Projects: Independent project work involving end-to-end planning, architecture, development, deployment, and documentation of web applications.

Career Interests: Open to Internships and Entry-Level opportunities across software development, Python Programming, Web Development, and broader IT roles.
